ABOUT GLOBAL ASSOCIATES

Global Associates is an organization of substance with a full services capability available in Sri Lanka. We construct our team to reflect your organization structure. We make all aspects of our service delivery transparent to the client. Our performance is pre-scheduled, agreed with you for deliverables, timetable and maximum cost effectiveness. Our aim is to beat your expectations from any assignment. The approach we adopt ensures that we bring our views to you about business operations as well as financial and legal compliance.

Your views on the quality of services delivered by Global Associates are sought by the managing partner of the firm. We will act promptly if you feel it is needed. We are experienced in serving complex organizations and we are happy to provide site references to support this claim. We know that clear communication is essential to our service provision. The client service role is judged by the effectiveness of our communication with clients and with our team.
